Asbestos - Emergency Waiver Request

The Control Officer may waive the required ten (10) working day advance notification period in Regulation 1, Section 10.07(A)(1) for an asbestos project if the facility owner demonstrates to the Control Officer that there is an emergency as follows:

Emergency Renovation Operation (40 CFR Part 61, Subpart M, 61.141 Definitions) means a renovation operation that was not planned but results from a sudden, unexpected event that, if not immediately attended to, presents a safety or public health hazard, is necessary to protect equipment from damage, or is necessary to avoid imposing an unreasonable financial burden. This term includes operations necessitated by non-routine failures of equipment.

This request shall be submitted for approval by the Control Officer and be accompanied by the required application and appropriate fees, and must be signed by the owner of the facility.

Facility owner or operator name: _____ Phone: _____

Mailing Address: _____
Street City State Zip

Site Address or Location: _____
Street City State Zip

Description of sudden and unexpected event including date and hour that emergency occurred:

Explanation of how the event has caused an emergency condition as defined above:
